Discover something new

Hello EWA,

We thank You for your continuous Support, her Below a bit more about our Brands;

Discover the latest bracelets from **Rastaclat**. Bracelets that inspire a positive mindset.
Doing good for yourself and others. Seek The Positive.

CHPO

CHPO is *Made for Everywhere*, which means that we want to offer great looks, great quality and great social values at prices anyone can afford. It also means that we as a brand take a strong social stand for an equal society. As a part of *Made for Everywhere*, we do collaborations every season with different non-profit or charity organisations where 100% of the profits are donated to their cause.

Sustainability – All of our sunglasses are Made out of 100% Recycled plastic! And if that is not enough the pouch that comes along with our glasses is made out of recycled PET-bottles. That could be enough, but it isn't. The plastic we use within and around our packaging are made out of Corn!
