## 100% PROPRIETARY SOFTWARE

Our platform is built completely in-house, giving us – and you – an industry-leading degree of responsiveness and customisability.

## PCI DSS LEVEL 1 CERTIFIED

Because we're PCI DSS Level 1 certified, our hosted payment gateway means that you don't need PCI DSS certification yourself.

## EASY INTEGRATION

Straightforward integration, with three options for integrating the Telr payment gateway into your website, plugins for popular shopping carts, and APIs and SDKs for apps.

## MULTIPLE PAYMENT METHODS

With one single integration, you are connected to our full range of payment methods - card schemes, wallets, Sadad, NetBanking and more.

## STRAIGHTFORWARD PRICING, WITH NO SURPRISES

All of our payment gateway features, integration options and payment methods are included in all of our pricing tiers
