SHRUB LOCAL ALE
CLUB

We have one hand-pull and five keg taps. Please see the beer board or ask a member of our team for details on the current beers and prices. All **Torrside** and **Rockmill** Brewery beer is conditioned in the cask and in the keg.

Torrside Brewery have been brewing in *New Mills*, based at the marina opposite the famous *Swizzels* factory since 2015. Their style is big and hoppy.

Their name comes from the other major landmark of the town, the *Torrs* - a park set in the 70-foot-deep gorge cut by the Rivers *Goyt & Sett*.

Named after the ruined mill across the river, Ray the owner of **Rockmill Brewery** spent years brewing at home before launching into the profession. Based up in the town, his style is English and malty with subtle hop.
